cordially invites you to a

Forum on Library 2.0 cum
General Assembly on its
35th Anniversary

8 June 2007
CEAT Library, UPLB, College, Laguna

“ALAP at 35: Empowering
Information Professionals for
Library 2.0”

RATIONALE

Today, hundreds of millions are patronizing Internet in their quest for information, because it is easy to use and fast. Internet is now available whenever, wherever due to the coming of high-speed broadband.

Essentially, the trends on library services are motivated by the new features and capabilities of IT, and the demands of today's information seekers. To many, the libraries viewed as outdated compared to web-based information provider. Thus, library must evolve and begin to deliver its services in the ways that today's users expect. The emergence of Web 2 and Library 2, suggests approaches for the survival and appreciate the changes brought about by the digital environment.

This forum is for librarians and information managers to have a better view and understanding on the new roles/challenges of libraries and librarians in these new technologies.

Forum Fee: P100.00 for members
P150.00 for non-members
(The fee covers 2 snacks, lunch, handouts and certificates)
